Mark.

Here are the papers I spoke to you about.

I do not know if they will be of help. However, the property is in the right location.

The Suits from Brown vs John Munn at No. 23 Dec 1792 and 18 May 1799, I have not been able to locate the Packet Books nor the papers in this matter. We had a fire about a year 1/2 ago and I cannot tell if these were destroyed or just set aside some where. No one seems to know. I have looked in the attic & basement all over but cannot find them so I can't get the information as to where or what this suit was for. There was no entry from Brown to Munn so it may have only been a payment note that they sued for.

As you will see from the work papers there are Wills of record noted but the names of heirs do not appear to correspond. Should you want copies anyway let me know.

Sorry for the delay but I have
